

IDP2017 Cruise Names

During the preparation of Intermediate Data Product 2017 (IDP2017) the **names of GEOTRACES cruises were formalized** and they are listed below. We ask for investigators to use the **GEOTRACES cruise names** (left column, below) during the future submission of data and intercalibration reports. To facilitate this task the list below shows the GEOTRACES cruise name (left column) that corresponds to each cruise ID (right column).
